THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, OCTOBER 29, 1869.

LEASE OF THE N. C. RAIL ROAD.

We have heretofore considered and discussed the lease of the North Carolina Rail Road to the Raleigh & Gaston Road, only as a question of fraud. The Treasurer, in his report to the Stockholders in June last, puts down the cash receipts of the Road for 10 months and 13 days, at $1.203,473,83; expenditures for the same time, $1,170,668,55, "leaving" says the Treasurer "a nett income, over and above the ordinary and extraordinary operating expenses and repairs of the road, $257,006,55," an amount more than sufficient to pay a dividend of 6 *per cent.* on the Capital Stock of the Company. The President, Treasurer, and Superintendent, are all committed to a 6 per cent. dividend, next year. The President, at the Salisbury meeting, in a speech which pleased all Democrats and Conservatives, and displeased only Scallawags and Carpet-baggers, promised a "six per cent. dividend or he would forfeit his pay, and agree to be dismissed the service of the Company."

We are informed that the receipts of the Company for the last two months is $10,000 greater than the same two months of last year, and yet from one end of the line to the other, the crops have been, in many places, a failure. But all this only tends to show the fraud, by reason of the inadequacy of the price, and our purpose was to discuss the lease in a legal point of view.

Is it lawful for the Raleigh & Gaston Road to take the lease? Is it not a forfeiture of their charter to do so? Soon after the completion of the Raleigh & Gaston Road, in 1840, that corporation ran a stage line from this city to Greensboro, in opposition to Murray and Spencer, who were mail contractors. The corporation intended to break down the line of Murray and Spencer; Murray and Spencer, sued out an injunction against the Company, alleging that they had violated their charter; that they had no authority to drive horses, but engines. The injunction was in the name of the Attorney General who dismissed the suit, before it was adjudicated by the Court. The Raleigh & Gaston Road, stopped their stage line, and fell into their legitimate business.

Since writing the above a Stockholder of the Raleigh & Gaston Road informs us, that the amended charter of the Raleigh & Gaston Road allows that corporation to lease any Road adjacent to it; and the late lease is no violation of its charter. Some years ago Mr. Frank Rives, of Virginia, under an execution sale, bought that portion of the Seaboard and Roanoke Road, running through the county of Northampton.

There was a suit against the Petersburg Road. That Road violated its charter in its lease or contract with Mr. Rives. The purpose of the Petersburg Road was to put down the competition of the Seaboard and Roanoke Road. One purpose of the Raleigh and Gaston will be to put down the competition of the Wilmington and Weldon and the Piedmont Roads. All the Roads of the State will be subordinated to the Raleigh and Gaston. This little Road has a capital of one million only; it wishes to swallow the North Carolina Road with a capital of four millions.

In the winter 1864, when many had despaired of the success of the Confederacy, the propriety of the Legislature of Virginia calling on Congress to make peace was freely discussed. Wigfall said, "the idea of a three-dollar man instructing an eight dollar man was preposterous." The idea of a one million corporation running a four-million corporation we think equally preposterous. The State owns a chain of Roads from the Sea shore to the Mountains—why break the chain by selling or leasing the middle link? Why put it in the hands of speculators to fleece the State?

GOV. HOLDEN, THE LEAGUES AND KU KLUX.

"Long before His Excellency, Governor Holden, issued his famous proclamation, and long before the Ku Klux were heard of in Chatham, bands of negroes, armed with bright muskets with bayonets attatched, with cartridge boxes, patroled the county, asserting they belonged to "Holden's Militia," and were sent to arrest Seymour Democrats. They frequently called up white men from their beds, cursed them, fired on them, and did many other things appertaining to the Leagues, especially instructing the men that they must cease voting *'secesh.'*

At one time five in a squad called on a gentleman of high respectability, all armed with muskets with bayonets fixed, and cartridge boxes. They were commanded by General Roane, of Holden's Militia.—The General was especially anxious to destroy all *secesh* and Democrats, and said he had orders so to do from Gov. Holden.

General Roane is known to a great many persons of Chatham, as a "colored gentleman," of the most loyal order, so too were two of his associates, the others unknown. Now, whence came these muskets so bright? These bayonets fixed? These cartridge boxes and other accouterments? Can the Governor tell us? They belonged to the League of which he is Generalissimo. Is there a secret armed police among the people, one part of the Melish? Pray, Governor, can you tell us? You have a right to know all about the Leagues.

We understand that since the issue of the Governor's proclamation, the Leagues are parading in greater numbers than ever, with accoutrements of the best kind.

We learn also from a friend that the negroes regularly picket the road between Pittsboro' and Chapel Hill, having all the bridges well guarded.

Members of the League, both black and white, are heard daily to utter the most horrid threats, and wherever a crime is committed, wherein a fair investigation is allowed, the hands of that vile murdering association is invariably clearly shown.

In the face of all this the "Governor" holds up his hands and cries, Ku Klux! Ku Klux!! Ku Klux!!!

JUDICIAL DESPOTISM.

The despotism of Judge Watts at the last term of Granville Court, as exhibited in the case of the State against Bragg and White, has not been made public. These two defendants were indicted for horse stealing. The Jury rendered a verdict of not guilty. Thereupon the Judge ordered White to stand up, and after informing him that he had been acquitted, said he would bind him over to keep the peace towards Basil and all good citizens. This was an unusual procedure to White, no complaint was made that he, White had threatened to break the peace or otherwise violate the law. White, gave the bond and went his way rejoicing, but amazed at such judicial arrogance and despotism.

The Judge then ordered Bragg, the other defendant, to stand up, and after informing him that he too had been acquitted, said, the Court requires bond of you in the sum of $10,000, that you make your appearance here on Thursday next to answer to the charge of murder. Bragg was not so fortunate as White; he could not give bail, and in default thereof, went to jail, where he remained from Friday until the next Thursday.

On that day, His Honor directed the Sheriff to bring Bragg into Court. Instead of ordering the Solicitor to prepare a bill against Bragg for the murder of Colgrove or the Kinston prisoners, he announced to him that he had expected witnesses against him, but as they had not come, he was discharged as to the murder, but he should require bail of him in the sum of $500 to keep the peace!

If we may be allowed to speculate upon the conduct and motives prompting judicial action, we should say, some member of the League had informed Judge Watts that there was proof or suspicion against Bragg, as the murderer of Colgrove, or the Kinston prisoners. We say this, because we believe it to be a case of the *League* hunting the Ku Klux. The Judge, out of Court, told some persons that Bragg was arrested for complicity in the Colgrove murder; to others he said it was for complicity in the murder of the Kinston prisoners.

Such arrests, without oath or affirmation, was never before made in North Carolina. We wish to see all offenders brought to trial and just punishment, but to see Leagues hunting Ku Klux and making arbitrary arrests, in violation of the Constitution and the sacred rights of the citizen, is an outrage which calls aloud for public condemnation. A Proclamation might be beneficial in the prevention of such outrages, if our Governor were as solicitous to protect the rights, persons and property of respectable citizens, as he is to protect the barn burning, murdering and ravishing Leaguers from the clutches of the infuriated victims of these outrages. But it makes a great difference as to who the bull, and who the ox, belongs to.

ATLANTIC, TENNESSEE AND OHIO RAILROAD.

Col. Wm. Johnston, President of this Road, has written a letter to the Charlotte *Courier*, in which he gives some information in regard to it, of interest to the public. Col. Johnston says:

"It is known to the public that an injunction was obtained against the issuance of the bonds of this Company before the decision in the Chatham Railroad case; after the publication of that decision, which declared the bonds of the A., T. & O. R. R to be constitutional, the injunction was dissolved and the Public Treasurer promptly issued them to the Company. This was not however until after the States' credit was greatly depressed, and it has from various causes survived in this condition to the present time. With the bonds of the State selling at 40 cents on the dollar, it appeared unwise and impolitic to press the maket with them and add its ill further to the depression of the almost exhausted credit. Entertaining these views, and with a desire to realize the value of the bonds and faithfully apply the proceeds to the reconstruction and extension of the Road as far as practicable, in justice to the State, the stockholders and the public, the Company have not sacrificed their means or determined fully upon their future policy—hoping soon to realize a better financial condition of the country.

* * * * * * *

The Directors of the company in not sacrificing the Bonds and pressing the work have been governed by a sense of justice to the State, the public interests involved, as well as the rights of the Stockholders.—Should the State's credit be limited to its present indebtedness and the proceeds of the bonds be judiciously expended for the purposes intended by the Legislature, they must increase in value. In that event, with the co-operation of the country along the line, the first section to Statesville, being graded, can be rebuilt in a few months and the Road extended far into the mountains of our State.

Mayor Hall replies to Horace Greely's recent denunciation, and offers to prove him a monomaniac before a commission of lunacy, and challenging him to discussion on the stump in the rural portions of the State.

A horrible story of a railroad accident comes from Massachusetts. Last week a little boy was run over by the cars at Monson and fearfully mutilated. His mangled remains were gathered up in a bag, and his heart, which was picked up on the track, for some time continued to pulsate in the hand which held it.

The Massachusetts school system is a peculiar institution. A mother was fined five dollars and costs in Worcester, the other day, for taking her children away from a school where she thought they had been improperly treated.

For the Sentinel.

THE BENCH AND THE BAR.

MR. EDITOR:—I have read, with interest and a high degree of satisfaction, a pamphlet entitled "A full report of the proceedings in the matter of the Bench and Bar of North Carolina."

It clearly appears that the action of the Supreme Court was of the most summary and arbitrary character, and manifestly prompted not only by passion but by deliberate pique, not to use a harsher term, as well. The opinion of the Court, in support of such extraordinary action is, as might have been expected, unsatisfactory to every one, illogical, and unsupported by principle or authority. Indeed, there are two or three things in the opinion of the Court, not in the way of argument or principle or citation of authority, which may be termed STATEMENTS, which are not sustained by the facts, and which illustrate a sort of judicial strategy, heretofore unknown, and to say the least of it, not very well calculated to elevate the Court in the professional or popular eye, at home or abroad.

The review of the opinion is at once powerful and exhaustive. Every sensible man, even the Court itself, must admit, that this review of the opinion is not only courteous and well tempered, but also, that it is able and exhaustive of the law and principle involved in the subject reviewed. It *wipes out* the last pretence for the action of the Court and embodies a class and amount of constitutional and legal learning and judicial authority, which it were well for every citizen to read and appreciate in this day of official disregard of, and contempt for, Constitutional obligation and right.—I am gratified to learn that it is extensively read by the masses of the people, and that it is probable a new edition will be required. It cannot fail to produce a lasting and profound popular impression of that fundamental right which concerns *every* free man.

I propose to state one or two impressions made on my mind on reading the opinion of the Court:

1. It is clear that the Court violated constitutional right, in that it *at once* and *without notice*, deprived the lawyers proceeded against by the Court, of their established right under the Constitution, to practice in the Supreme Court.

The order of the Court was peremptory and operated *at once* to prevent the lawyers, charged by the Court, from exercising their right to prosecute and defend suits. The order was so made in the face of section 17 of Article 1 of the State Constitution, which provides, *"that no person ought to be deprived of his free-hold liberties or privileges, but by the law of the land."* Now, there was no law authorizing this summary action of the Court. It is a principle of natural law, that no one shall be condemned or deprived of his right, until he has opportunity to be heard in his defence, or the defence of his right.

When the Chief Justice came to write the opinion of the Court, and to think of principle and authority to sustain such arbitrary action, he at once saw there was no ground on which the Court could stand.—Hence, he endeavors to get off on the ground that the *form* of the order cannot affect the *substance*, and he says, there was no application to change the *form* of the order. This is simply trifling with a grave matter.—How could the alleged offender ask to change the *form* of the order when he had no notice and knew nothing of it? It was entered in his *absence* and made so as to deprive him of his right *at once*.

Then, he says, the order would not have been entered, but upon a *prima facie* case made out, and when this appeared and a rule was entered founded upon it, the party charged could not appear as a lawyer *until* the case should be determined. This is not true as a matter of law, but apart from this, there was no *prima facie* case made out *before* this order was entered; the alleged offense was not committed in the *hearing* or *presence* of the Court, and the charge was not supported by affidavit, or indeed, any evidence of which the Court could lawfully take notice. Its action was based on *rumor!*

The Court had no more right to so deprive the lawyers so charged, from practicing in the Court than it had to prevent, by a rule, the farmer from plowing his field, or the mechanic from pursuing his daily avocations, for some alleged contempt of Court committed in the *absence* of the Court, and unsupported by any affidavit or other evidence except mere rumor. And the right the Court had so to deprive these lawyers of their such rights for five days, it had so to deprive them for ten years and forever. Indeed, this order deprives many of the lawyers so injured of their right to this day.

2. The Court seeing that it could not get along on the hearing with the charge for *contempt, changed its ground*, and put its action on the ground that it might proceed against the lawyers *charged with contempt* of Court, for *unprofessional conduct!*

In the first place, if it be granted, that the parties so charged were guilty of unprofessional conduct, still they could not be proceeded against and deprived of their rights for one moment, *without notice*. This the Court did, and that too *without notice*, or any *prima facie* case made out by any evidence of which the Court could lawfully take notice; it moved upon mere rumor!

But in the next place, the parties so charged had not been guilty of unprotessional conduct, much less of crime. The protest complained of was a calm and dignified protest against the zealous participation of the persons composing the Supreme Court in a heated partizan political contest and becoming avowed political partizans. Can any sane man say that this is a crime in any view of the matter? And how can it be truly called unprofessional? We put it to every body to say, whether it is not eminently proper for lawyers to protest against Judges becoming zealous political partizans? It is too plain for debate!

But the Court say, that the Protest was *libelous*, in as much as it was leveled at the *Judges* in such way as to impair their dignity as a Court, and that if one injures the *leg*, he injures the whole body &c: Now it is doing this *argument* over much justice to say it is puerile! To say there is no distinction between the *person* of the Judge as a man and as a *Judge* is not only false but ridiculous and absurd. One may respect the *office* and despise the wretch who holds it. This is manifest. Jeffreys was a *Judge* and a *monster* too. The ablest and purest lawyers in England practiced before him, and treated the *office* be filled and disgraced, with profound respect and consideration; but they despised, denounced and exeriated Jeffreys as a man!

If a Judge should be found prostrate and helplessly drunk in the gutter, will it be pretended that any one, *even a lawyer*, may not denounce and expose the man so degrading and disgracing his office, without making himself chargeable with detracting from the office of Judge so held and disgraced? Or, if a Judge, when called upon to discharge some official duty, should be found drunk and in a common brothel, will it be said, if a lawyer denounces such conduct, that he is in contempt of the Judicial office and guilty of unprofessional conduct? Such Judicial acumen and logic are indeed novel and most certainly do not harmonize with what *used to be* regarded as correct professional ethics!

The *grossmen* of the Protest was, that the persons filling the Judical office, had degraded and injured the office by becoming bitter and zealous partizans. So there was no libel of the *Judges, or the Court*, even if the statements contained in the Protest were unfounded in *fact*.

But were the statements in the Protest complained of by the Court, true? The Court say "There is no pretence they were true!" Now it is passing strange to me, that the Chief Justice should have written that sentence with the answer to the rule before him. Everybody *except* the Chief Justice knew that the protesting lawyers insisted that every word of the protest was true in *substance and form*, except the figure of speech. And every body, except the Chief Justice and his associates, knew another thing; that it was manifest, the persons filling the offices of Judges and composing the Supreme Court, felt the *weight*, the *burning* and *blasting sting*, of the charges preferred against them. How natural it was to put that sentence in the opinion of the Court and that it should go into the *reports* and remain there perpetually for the persons composing the Court! But is it not plain that the protesting lawyers could not be heard through the *reports* by posterity? The persons composing the Court had the power to speak as they would, through the opinion of the Court and in the reports; the protesting lawyers *could not!*

The Court, in the opinion, are pleased to *seem* to question the sincerity and truth of the answers sworn to and filed by some of the lawyers proceeded against. It is sufficient to say then why did they receive the answer? and, to add, how magnanimous! The persons composing the Court had the *power* not the *right*, to write this *seeming* to question the veracity of those who answered *in the reports* and no reply could there be made. Is it not manifest, too, that this insult was very *material* to to the decision of the case?

It is clear that the persons composing the Court violated principle and right and the Constitution, and judicial propriety, as well. The result of the whole proceedings proves this, as is apparent to the satisfaction of *the Court*, as well as every body else.

What was the result? Several of the Protesting lawyers answered the arbitrary and unlawful rule, and in their answers, they did not retract or modify one word contained in the Protest; on the contrary, they reaffirmed it in terms in and before the Court, and each added to it by saying, "he admits his purpose was to express his disapprobation of the conduct of individuals occupying high judicial stations." The answer states, there was no purpose to commit a *contempt of Court*; this was as manifest *before* the entry of the rule and the filing of the answer as after; the commonest observer so saw the matter, and it is so strange the Court did not! The discharge of the rule upon the answer was the result, if not the *logical* sequence, of the whole proceedings, and a substantial admission of a groundless and arbitary violation of the Constitution of the State and private right, in a matter vital in its character and concerning deeply every member of society. In other and better times, such extraordinary action would have cost its authors more annoyance and by far more serious consequences, than it has cost these lawyers, who only sought by the Protest to uphold, maintain and defend the purity and dignity of the Bench in North Carolina. I trust that the Protest has had its good effect upon the Court, and I am sure the lawyers have no reason to regret what they did. This generation sustains them and posterity and history will applaud them for it.

PUBLIUS.

California exults in the possession of a copy of the Declaration of Independence written on yellow silk in the Chinese language.

THE GREAT BOSTON LOTTERY.—A Boston correspondent of the New York *Tribune* says the man who drew the Coliseum has obtained a sudden notoriety which will probably be as brief as it is intense. Now that it has been ascertained that he is a "lumber dealer," the matter has a suspicious look. An investigation showed and it is publicly announced that he with others entered into an arrangement with the Coliseum Association to purchase, on Saturday morning, all the tickets which had not been sold at that time; and it is said that he paid for them sixteen cents apiece, purchasing for that sum about five thousand, while thousands of people had paid one dollar apiece for all that had been sold previous to that time. Much indignation is expressed among the disappointed ticket-holders who are conversant with the facts, and a management which could sell one ticket for one dollar and another for sixteen cents is denounced in unmeasured terms.

Wendell Phillips does not seem to think much of the recent Radical victories in Ohio and Pennsylvania. In last week's *Anti-Slavery Standard* he says, very pointedly:

"Meanwhile the strength of the opposition vote shows that the administration has not satisfied the country. Its friends have rallied and secured another year of grace. The elections of 1870 will turn more directly on the issue whether the Republican party has fulfilled the national expectation. In our opinion, unless the administration files a better record during the coming year than that of the past, there will be a very even struggle between it and its foe, perhaps an ignominous defeat. By small majorities, after almost incredible effort, we have just saved the two great States—Pennsylvania and Ohio; any slight untoward accident, even, would have lost them. It is poor dependence for a great party. We have drifted thus far on the strength of our soldier-President's reputation. He and his Cabinet must earn the future."

CITY AND STATE ITEMS.

FRIDAY, OCTOBER 29, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

LOST.—On yesterday morning, a dark brown fur cape, the finder of which will be liberally rewarded by leaving it at this office.

CONDEMNED.—We mentioned a day or two ago, that a Committee of the City Council had examined the Primrose house on Fayetteville St., opposite the Market House, to ascertain in regard to its safety. We learn that the said committee came to the conclusion that the building was dangerous, and so reported to the Council on Wednesday night, and that an order was consequently, made that it be pulled down within thirty days. We hope to see the vacancy on that part of the street filled, at an early day, with a fine iron-front, five or six story edifice, to counterbalance some of the fine new buildings over the way.

THE RALEIGH BRASS BAND.—We are a little surprised that our neighbor, the *Standard*, has had no word of commendation or encouragement for the Raleigh Brass Band, who enlivened the occasion of our State Fair. It is true their music is not of the most artistic and classic style, but it was very good, nevertheless; and some allowance must be made for the fact that they are comparatively a young Band and have not been practicing very long. We learn that this band needs some three or four additional instruments to make their numbers full, and we hope our citizens generally will extend them liberal aid in procuring them. "Encourage home enterprise."

SCUPPERNONG WINE.—We are indebted to Mr. James T. Petteway, through the courtesy of Mr. J. M. Blair, of the Yarborough House, for a keg of very superior scuppernong wine, manufactured by Mr. Petteway from his vineyard in the vicinity of Lumberton, N. C. This wine is now going through a process of sampling, tasting, testing and judging, and we have already labeled some bottles, filed and set on the mantle for convenience, with the words '*premiers qualitie.*"

Mr. Petteway has a considerable quantity of this wine for sale, and any one desiring to procure some of it, can find out all particulars as to price, &c., by addressing him as above.

HEAVY STEALING.—It seems perfectly natural for "carpet-bag" and scalawag office-holders, to form "rings" and go to stealing, whenever an opportunity offers.—A few days ago, we had the announcement of a discovery of a "Ring" of revenue stamp counterfeiters, composed of ex-officers and present incumbents of the revenue service at Richmond, Va. We are all familiar with the "Railroad Ring" racealities of this State and Florida, the Penitentiary "Ring" swindle, &c. Now we learn from the Wilmington *Journal*, that an officer of the Customs at Wilmington has been detected in a "Ring" transaction of stealing the stores from the Cuban steamship, now under seizure by the United States, at that port, while in charge of the vessel by appointment of the Deputy Marshal. He had removed several thousand dollars worth of the ship's supplies, when he was detected by the police, and is now under arrest.

"Come ye sinners, poor and needy"
Weak and wounded, sad and seedy,
No more use the fact concealing,
That you 'raise the wind' by stealing.

The officer's name is Joseph A. Dupong, a name that does not sound sufficiently familiar to warrant the conclusion that he is a native.

THE RIVERSIDE MAGAZINE.—This Girls' and Boys' favorite, for the month has been received, filled, as usual, with entertaining and instructive reading matter, pretty pictures, riddles, rebuses, enigmas, &c. We know we do a most acceptable service to the little folks, by advising each parent to send to Hurd & Houghton, 459, Broadway, New York, and subscribe for a copy; price $2.50 a year, in advance, to clubs of five, $2, each.

CAPE FEAR AGRICULTURAL ASSOCIATION. We are indebted to Col. Freemont, President of this Association, for an invitation to the Fair and Exhibition, to be held in Wilmington on the 16th to 19th November.—We shall probably be on hand, personally or by proxy.

We, the Local, remember with pleasure the fine times we used to have in Wilmington, during our annual visits in June—the fishing excursions to the blackfish grounds—the hearty hospitality of the citizens—and the good time generally, with Rankin, Fanning, Martin, Brown, Russell, Burr and many others. Yes, we'll try to come to the Fair.

CHILD BURNED.—We learn from the Charlotte *Observer*, that a negro woman of that town put her child to bed, on Tuesday night, locked the door and went off.—The child crawled out of bed while she was gone, made its way to the fire, and its clothes catching, it was burned so badly that it died in a few hours.

SATURDAY MORNING.—To morrow morning, Ben Kirkham will have, at his old stand, (near the new Market-House,) the choicest lot of meats of the season,—Beef, Mutton, Shoat and Sausage. Hours: From 5 to 9 o'clock, A. M, and from 3 to 10 P. M. Call and be satisfied.

THE NEW ECLECTIC MAGAZINE (The Land We Love) for November is received, gotten up in its usual neat style, and equally interesting as its predecessors; $4 per annum, Turnbull and Murdock, Baltimore.

Orange Judd, proprietor of the *American Agriculturist*, has given fifty thousand dollars to the Wesleyan University for the erection of a building for the department of natural science.

THE LATE STATE FAIR.

WASHING MACHINES.—We find among our notes, a reference to Kendall's Washing machines, two sizes of which were on exhibition. The inventor, Mr Kendall, of Randolph county, is a man of first rate common sense and much mechanical genius, and we think his is the best invention of the kind we have yet seen. Mr. W. E. Edwards of Greensborough, is the general Agent for Mr. Kendall, to sell State, County, or individual rights.

THE ATMOSPHERIC FLOUR COOLER.—This is a recent invention of Rev. J. A. McMannen, the inventor of the celebrated Smut Machine. Its design is to cool the flour while bolting, and to clear the bolting cloths, doing away with the necessity of the old "beaters" which kept up such a clattering in the bolting chest, and does the work most effectually. This "Atmospheric Cooler" received the premium.

Mr. McMannen had two smut machines on exhibition, but did not enter them for a premium, as they have no competitor in this country.

THE QUEEN CUT WRINGER.—This article exhibited by Straub & Co., of the "Laundry Foundry," Cincinnatti, attracted the attention of the ladies, and was much praised for the advantages it was said to possess over other wringers.

ASHBORO'.—The only article, we believe, contributed to the Fair by the ancient town of Ashboro', was a spirit barrel, made by A. Barker, and which took the first premium in its class. It was an excellent specimen of that branch of manufactures.

THE PREMIUM BALE.—The fine bale of cotton exhibited by Lucien Saunders, Esq., (by-the-way, we learn it was Mrs. Lucien Saunders' bale,) was picked by one of the "Gullet gins," and was, we think, the most beautiful specimen of "upland" cotton we ever saw.

SHOES—DRIED FRUIT.—Mr. E A. Vogler, of Salem, contributed a number of articles, the most prominent of which were a case of shoes, manufactured at his establishment in Salem, and a variety of the dried fruits of that section of the State. Among the shoes were various styles of Ladies' boots, gaiters and buskins; men's calf boots, ties and brogans, which, for quality and finish are not excelled by any establishment in the Union. His dried fruits, also, attracted general attention. This branch of business is assuming much importance in the country around Salem, and the income from it this year, in the county of Forsythe is (we write from memory) somewhere in the neighborhood of one hundred thousand dollars.

FINE VEGETABLES.—We noticed a number of very fine vegetables from the garden of G. W. Mordecai, Esq, Mr. A. J. Bolyn, gardener. The gardens of the Insane Asylum, under the management of Mr. Tighe, also contributed very fine specimens in this line. A by stander observed of the beets that, "they were so heavy, he didn't think he could *raise* one of them." We have no doubt *he* has a very poor garden.

In the vegetable line we noticed some Portugese onions, raised by Mrs. George Little, of Raleigh, which were ahead of any onions for size and beauty we ever saw.

ELK MOUNTAIN CHEESE.—We have already noticed the fine display of cheese from the Elk Mountain Factory in Buncombe county. Among them was one sixteen months old, firm and solid, and of very excellent flavor. All cheese is improved by age, and while all the cheeses exhibited by this company were pretty and good, there was no comparison between the one we speak of, and those manufactured the present season.

More anon.

TWO NEW BOOKS.—We have received from the publishers, Messrs. Dick and Fitzgerald, 18, Anne Street, New York, two new, interesting and useful books.

1. "*The American Housewife and Kitchen Directory*," paper, pp 144, filled with receipts for cooking meats, vegetables, pastry, &c., with a great number of receipts on various subjects useful to house-keepers, and full instructions in the art of carving.

2. "*The Young Debater*," by an ex-member of the Philadelphia Bar, paper, pp 160. This is a very useful book, as it gives instruction in the manner of getting up and conducting public meetings of all kinds, celebrations, dinners, &c.

These books can be had by addressing the publishers, as above.

A ROMANCE TAKEN OUT OF HER.—It is hinted by the New York papers that a recent very stylish wedding there of a person claiming the title of Lord, has made a dupe of the rich and beautiful young lady to whom he was united. Concurrent events almost proved this consequence. But nothing serves to teach caution. Not long ago a beautiful girl, the daughter of a rich banker in London, England, saw from the grating of the ladies' gallery of the House of Commons a pensive Mahommedan.—His rich dress proclaimed him a noble.—His melancholy eyes showed that he had been deprived of his kingdom. Pity moved the heart of the young lady—the pair met, loved and were married. The nobleman took his wife to Calcutta, where she was much amazed to find herself driven to a wretched dwelling in which three other wives of her husband were already installed. Being a woman of some firmness and courage, she returned to England by the ship which had brought her to India. Her husband turned out to be a a "Moonshee"—a teacher of language—earning sixty rupees (about $30 gold) a month. One young woman at least has got over all silly notions about the "romance of the East" for the rest of her life."

Purity Versus Poison.—There Is As much difference between PHALON'S VITALIA OR SALVATION FOR THE HAIR and the filth-charged hair-darkeners, as between the Pool of Bethesda, that an angel stirred, and a fever-breeding mud pond. The VITALIA is a crystaline fluid, without a single impurity or noxious property, and the naturalness of the shades it imparts to grey hair is unequalled.

Teachers and Educators generally are respectfully invited to correspond with

Agent for the Publishers and sup't of Introduction.

From Dr. WM. R. HARRELL, Prin. High School, Snow Hill, N. C.:
SNOW HILL, N. C.
"I am much pleased with both the spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when those could be obtained.

From Rev. ALBERT SMEDES, D. D., Rector of St. Mary's School, Raleigh, N. C.
RALEIGH, N. C.
I have examined the Geographies—Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable.
ALBERT SMEDES.

From J. W. GULICK, A. M., Prin. Male Academy, Guilford, N. C.:
GUILFORD, N. C.
I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular.
J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.
The introduction of so much valuable matter on the subjects of Physical Geography and Geology and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.
"We shall introduce Davies' Bourdon, perhaps others of your books."
M. CLOSE.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.
NEWTON, N. C.
Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work
M. L. LITTLE,
Prin Pleasant Hill Seminary.

From Rev. S. IVEY, Prin Auburn Academy N. C.:
AUBURN, N. C.
Monteith's Geographies are excellent works, and I shall introduce them into my school.
STINCEON IVEY.

Prof. WM A. GRAESCHEN, writing from Hillsboro' Military Academy, says:
The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. DUGGER, Esq., Prin. Male Academy, Warrenton, N. C.
WARRENTON, N. C.
"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.
I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation.
J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.
I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juvenile, it is to be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by those wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the Country

AS A GREAT AND GOOD MEDICINE.

has induced Dr. Lawrence TO ENLARGE HIS LABORATORY and FACILITIES for MANUFACTURING, so as to be enabled to supply the extraordinary demand for it.

THE LARGE NUMBER OF TESTIMONIALS which are constantly being received from Physicians, and persons WHO HAVE BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

As a BLOOD PURIFIER, it HAS NO EQUAL,

BEING POSITIVELY THE

Most Powerful Vegetable Alterative

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth. To say nothing of those humors that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feebie, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in roughness of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are affected with scrofula in some form.

Persons suffering from any bad humor are very liable to have it settle on the Lungs or some other vital organ. The only safe rule is to remove the Blood poison at once, before it settles itself upon some vital point.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

LIVER INVIGORATOR!

STANDS UNRIVALLED.

BEING THE ONLY KNOWN MEDICINE that EFFICIENTLY *stimulates* and CORRECTS the *hepatic* secretions and functional DERANGEMENTS of the LIVER, without debilitating the system. While it acts FREELY upon the LIVER instead of CORIOUS PURGING, it gradually changes the discharges to a PERFECTLY NATURAL STATE.

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the cure of diseases of the KIDNEYS and BLADDER. In these affections it is as near A SPECIFIC as ANY remedy can be. It does its work KINDLY, SILENTLY, and SURELY. The RELIEF which it affords is both CERTAIN and PERCEPTIBLE.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the importance of their healthy action.

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood those effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the urine being imperfectly secreted in kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

MEETS WITH GREAT SUCCESS IN THE CURE OF

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical) are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in answering questions; Dullness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c., &c.

CONCLUSION.

Suffering reader, do not think that because you have tried other remedies, you cannot be cured, but recollect that God, in His Providence, has not afflicted His children with pain and disease, without at the same time giving them something in the Great Garden of Nature that will cure them.

Have no hesitation in writing to me, and stating your case in full, and I will answer you promptly.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale in the ground of eight minutes, and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits. Address T. H. BRIGGS sept 16 tf Raleigh.

And $5,000 ready to pay a loss of No. 34,161, as soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago in 1861, it issued only 584 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,537 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
